He was born on February 28, 1943 to Daniel and Barbara (Thompson) Jenks in Colbert, Oklahoma. Daniel, a true patriot of America, was determined to serve his country in the armed forces. He enlisted in three branches of the service only to be honorably discharged within a short time because of health issues. He loved his family very much and through the years he built each grandchild their own personal rocking chair, each of his children their own china cabinet, a complete bedroom set for his sister-in-law and other pieces of furniture not only for family but friends. He was the "go to person" for everyone who had any type of mechanical, plumbing or home repair problem. All you had to do is call Daniel and he could tell you exactly how to fix anything broken. He was excellent in working with wood and loved making anything for anyone. He was always willing to help anyone in need.
