“ *I am so terribly sorry that I just found out of her passing. The last time I had the privilege of speaking with her was 4 months before she passed. My name is Jonice Ferguson and I work for CHOICES Center for Independent Living and I only met her over the phone. She needed assistance to be able to live a better quality of life and I tried my best to assist her in several ways. I knew about her sickness, but I also know her sense of humor. Even though we only got to meet over the phone, I always pictured her a small, beautiful, and independent woman with a huge heart. She was one of my favorite clients and also one of my first. She and I learned a lot together and she is always on my heart and in my mind. The picture posted here is very lovely. She is even more beautiful than I imagined. I thank God for the honor of getting to assist her and getting to know her and sharing stories with her from each others' lives. God took her because he needed a little more beauty in heaven.*

“ *I don't know this woman. I know the woman that she brought into this world. My best friend and sister, Johnna. Johnna is an amazing woman and I am grateful for Dayl Mary Wilson for the gift she has given me. Please know her daughter, Johnna radiates more than the woman in this picture... which was an EXCELLENT choice of picture for this forum. Her legacy will live forever in the legacy of wonderful children she helped bring into this world. Bless her and all of you who knew and loved her... may your spirits be lightened by her memory.*

“ *She was beautiful and funny. She was a tough stating she had to be. She was my children's grandmother. And fire short time she was my mother-in-law that she was always my grandma. Just because I divorce layne doesn't mean I divorced the family. She was always animate to me I always felt like her daughter and she always treated me like her daughter. I remember one time she is living in this trailer I don't West Pine she called me and I was living very north of town and she said Liz you think you can run by the store and bring me a pack of cigarettes and some toilet paper. I did and was happy to do it for her. Mary you're going to be missed by so many people you'd have no idea. I love you with all my heart.*

Kelly, I hope all is well with you. We did not see you at mom's service. It would have meant a lot to her if you came.

“ I will never forget this beautiful soul. She always had words of wisdom, always there to lend an ear and always did her best to help others when she could. She was very patient, kind and had a very big heart. We had some great conversations about life, love and death. She was a hard worker all her life until she was unable to do so. I will never forget the day we met, the things she said to me or the last I love you I received from her. I believe she is an angel watching over her family and loved ones at this moment and forever. God Bless her.
