“ Dear Miss James, Terry and Rodney,

Please accept my deepest sympathies for your loss

Donna was one of my dear childhood friends. That friendship lasted from grade school to high school and beyond.

I am grateful we reconnected in the past few years. Hearing her voice on the phone would brighten my day. I loved news of her adventures, the move back home, and the positivity she had for the future. If you could bottle that enthusiasm it would be priceless!

I will always remember her and will be thankful for the joy she brought into my life and probably countless others.

May you find comfort in knowing she touched so many lives.
