“ Sweet Aunt Ida B,
You have been my aunt since I was in high school. I remember visiting Grandma and Grandad in the summer. You and Arlie Lee came to take me to lunch. We had such a good time. They were having a musical presentation at your church. You persuaded me to attend with you and we went to the fabric store and I made a dress so I could attend with you. You were always so special. When we visited over the years, a highlight of all our visits were our trips to visit you and Uncle Bill. Many times you made fried pies which were the absolute best I ever tasted. You would take us to see all of the animals and projects you were working on at the time. Those visits were always one of the highlights of our trips. We will miss you!
All our love,
Sherrie and Jerry
