“ *My sincere condolences to your family. I read i the obituary that your grandmother was a Vanden Bout from Dexter. I am involved with the Dexter Historical Society and have some information and pictures of your family members. If you are please contact me at lee anns@plateautel.net. My grandmother was good friends with the VandenBout girls, that is how I came to have the pictures.*

“ My friend "Dorothy" and I had known each other since 1943. We attended the same church, West Alameda Assembly of God, same school East Side and usually were at one or the other of our house every Sunday, until we got to be teen-agers then would usually go out to the Pack girls house, Ruby and Darlene. (Where the boys were)... We didn't see each other much after she graduated, I was a year behind her, but I thought of her quite often and saw her now and then. I know she will be greatly missed by her family and friends, but rest assured she is happy and in perfect health, waiting for all her friends and family to join her in Heaven. God Bless those left to cherish her memory. Bennie (Baxley) Shaw, Hagerman, NM
