“ I hired Nancy as our school counselor at East Grand Plains Elementary. She was very caring and compassionate, helping many of our students cope and deal with life. When I asked her to start a Conflict Mediation program for our school, she took the task head on and developed a great program for our school which developed leadership skills within our students and helped students to resolve conflict among themselves. This greatly improved the climate of the school and she can be proud of the positive influence and impact it had on the school as a whole. May God grant her beauty for her ashes! -Fermin Velasquez

“ It was so nice to know Nancy through Senior Circle. The last trip I took with her to Mackinaw Island Michigan she was so much fun! There was a tent display at the fort we went to visit on the trip and she crawled into it to listen to the guy speaking. I was so impressed that she actually got down and got up as well. Nancy will be missed greeting me at Senior Circle but I will cherish the memories I have with her. My thoughts and prayers are with her family and friends during this difficult time.
