“ I met you on January 11, 2014. We hit it off and decided to have Huxley and get married. It took us four more years to have Radford and you were so proud of having those two boys we decided to have another one two years later that was the best decisions of my life, including marrying you and starting a family you gave me the best 11 years of my entire life just to have you in it. We had our differences, but we fix them and you're my best friend and I think I was yours too. I freaking miss you so much. I know my boys. Our boys will always miss you and have you in their heart. We love you, Taneesha Darlene. I hope you stay over our boys heads every waking minute to ensure their safety because I know you will.
