“ Wayne Barton was my patient at Heritage Park of Katy. I was blessed to have the opportunity to care for him. He loved his sister, Georgia, her son, his children and Georgia's dog Molly. He would order double portions at meal times and would always save something for Molly. Molly would jump on the bed and he would pet and feed her. He was a kind man but also a challenge as he was fragile with his diet but with very close monitoring he was ok. Wayne had alot of good qualities. He moved to Sterling Oaks and before leaving he asked me to visit. I told him I would and I did. Wayne always enjoyed the visits. He would talk about his sister taking him for burgers at Carl's Jr. His favorite place to eat or going to Georgia's home. He was blessed to have a loving family and friends. I am lucky as not only was I his nurse at one time but we had become friends. I will miss our talks and his laugh. Knowing Wayne has been an honor. Wayne if you hear me I just want to say thank you for being a friend and may God keep you in his care till we all meet again. You will be missed by all who knows you. My prayers go out to all his family and friends.

“*Wayne always had a twinkle in his eyes and an infectious smile. He was beloved by his sister, Georgia, and she did her best over the last years of his life to keep him strong, in body, personality and in Faith. He loved her, too, and always had a funny word to pass on in their daily phone conversations.*

I was privileged to go water walking with Wayne and Georgia several times at Katy's Mary Jo Peckam Park. He flashed that smile and those twinkling eyes while he worked his way through the pool's activities. Maybe even a little flirting with the lifeguards went on, too. Wayne was obviously one of a kind, but his sister's love for him spoke highly to me of the depth of his endearing character. He spoke of his love for his daughters and his grandchildren and also of Georgia's little dog, Molly. May he rest in eternal peace in the arms of the Lord.

My Precious friend who loved Wayne as a brother in Christ. She took diet cokes by the 12 pack and fussed with him like a sister does, she and her husband Milton prayed with me as we've gone through the valley. He was blessed by knowing you both and treasured your friendship and calls
