“Wilma was a very wonderful kind and loving person. Growing up Wilma was like a second mom to me. She was always kind and loving and she always gave me the attention that I was starving for that I wasn't getting at home. When my brother Tommy died she came to the funeral to show support. By then I'd already moved out of state and I hadn't seen Wilma in a while or been in contact with her. However when I saw her that day she was just full of love and kindness and gave me her support just like I had never left. Although I haven't had recent contact with Wilma in a while I will always cherish her and the love and kindness she showed toward me and my family. I will always appreciate the way she always loved and took care of me like I was one of her own. I cannot imagine the lost her family is going through right now losing such a beautiful person in their lives. I know she's in heaven rejoicing and still pouring down her love to everyone. Wilma will be greatly missed. She will live on through everything she has taught me in my younger days and I have passed on to my family. Wilma, I love you and I thank you so much for being there when I needed you.

When someone you Love becomes a memory, the memory becomes a treasure. I loved my Aunt Wilma very much she was one of my favorite Aunts. I remember when her and my Uncle Vernie were first married, and they came to stay with me and my family she had me so spoiled by the time they left to go back home. I will never forget the Love she had for me. I will always Love and Miss you!!! Rest in Peace
